This Porsche 718 Boxster Spyder came to us brand new, to have the famous XPEL paint protection film installed. The Stealth version turns the original color into a luxurious matte finish; allowing the metallic flake to pop even more! The owner enjoyed the car as intended; during weekends and lovely outings in the Alps or the south of France..

It's a sports car that invites enthusiasts to rediscover the thrill of driving in its purest form, with a magnificent engine; an incredible sound track. All while the sun highlights the never ending smile on your face.

As EVO magazine stated: " The Porsche 718 Spyder is a rare gem of a sports car, there is nothing else like it at the price."

This car is immediately available. We can help technical inspection and transport. The car currently has Belgian registration.
