

1966

## Porsche 911 2.0 Webers

Price on request

- "Early 911"
- Matching numbers, matching colors
- COA + Kardex

### **SOLD**

This 2.0 911 is the perfect car to enjoy driving an early 911 carefree! It's a well maintained matching numbers example with the lovely wooden steering wheel and wooden dash inlay. The paint is finished in Polo red over black interior, just like it left the factory on February 25th 1966.

The red paint is redone once during its lifespan but still has a beautiful deep gloss after a extensive detailing. Currently equipped with Fuchs wheels this car also has the original chrome wheels. This Weber carbured 2.0liter flat-6 turns and drives perfectly with a nice gearshift and without any smoke.

This is a great opportunity to really drive and enjoy a very early 911!
