

1962

Porsche 356 B T6

Price on request

- VAT deductible !
- Great drivers car
- 'Outlaw'
- Nardi steering wheel

SOLD

The last 356's are easily recognized because of the twin engine grill, the external fuel filler and the larger rear window for the B T5's, The 356 C had a more powerful engine and disc brakes.

This 356 is a 1962 B T6 powered by a 75hp 1600S engine. This combined with the bumper less 'outlaw' look creates a great rally car carrying some great punch! Furthermore it has a subtle sports exhaust delivering extra performance and sensation while driving. The interior has lovely original seats with patina, roll up seat belts and a wooden Nardi steering wheel.

The engine is fitted with the upgraded EU heating ("Germany/Sweden heating system") which heats the interior fast and easily: even under extreme cold circumstances. This new fresh air system keeps fuel and oil odors from mixing with the warm air!

The new owner could further personalize this look with a roll cage, 4 point harnesses, custom seats or some striping for example.

The price includes VAT so this could be your perfect promotional vehicle!
