The car comes with Belgian registration.

## EQUIPMENT

The owner chose some interesting options when ordering his new 911, 'M491 - Turbolook' being the most noticeable. When new, the WTL costed 25.900DM in 1985! You will also find a limited slip differential, electric and heated seats and an airconditioning.

## EXTERIEUR & INTERIEUR

On the sticker under the hood you'll find 'L999' (sonderwunsch) as colorcode; also confirmed by the Porsche Certificate. It has a Dark Blue (K5) paint with darkblue top and darkblue leather interior. This triple blue combo looks perfect on this WTL convertible. You'll also find an optional Italvolanti steering wheel and upgraded hifi. All electrics and controls are fully functioning. The aircon was checked and filled with new gas; it blows ice cold air when required!

The car comes with the original toolkit, compressor and for the convertible top cover.

## ENGINE & MECHANICS

The 3.2l 6-cilinder is probably the best engine Porsche built. It's a nice powerful engine that will never let you down. In this car's paperwork you'll see regular servicing; the oil is changed before selling the car.
