Porsche 911 2.0 Soft Window US TARGA

Price on request

SOLD

- 1 of only 268 "US Normal Targa's"
- Beloved Soft Window Targa
- 4-gears
- Final short wheel base year
- COA + Kardex available

For Porsche, 1968 ment the final year of the short wheel based 911 and due to new emissions laws in the USA they had to adapt. The 911S could no longer be sold in the US and for 1968 only Porsche launched two models, the 911 (Normal) and the 911L.

These cars received a different chassis number indicating this special production and this lovely Polo Red Soft Window Targa is one of those so-called "US Targa's". The 4th digit '8' in the chassis number indicates this is one of only 268 US Targa's built. Out of those limited run, only some received a soft window, others had the fixed glass window. On top, this example has the factory option 902-gearbox with 4 gears, making this really a one-of-kind car!

This car was overhauled and received a restoration where needed. The body was in a good condition regarding its age and was painted to have this beautiful factory fresh red paint! In the meantime mechanics were revised and parts replaced including: new rubbers, new grills, lights, fuel tank, soft window, windscreen, brake lines, brakes,...

Engine and Weber IDA-3C carburetors received some well deserved attention and new parts as well including: new heat exchangers, exhaust, flywheel, clutch, powerful starter motor, bearings, seals,... And of course interior received a light renovation as well included carpets, door panels, speaker, steering wheel,... and safety belts were installed per the owner's request. The wooden steering wheel and '68 only door panels are used of course.

It is a beautiful SWB 911 with a rare Soft Window from the unique year that is 1968. The car is fully matching (colors, engine, gearbox, wheels,...) and completely overhauled, including an wash list in parts. Today, this car has a Belgian registration and is offered with the Porsche-issued Certificate of Authenticity, Kardex, this numbers-matching Targa is ready for open-air enjoyment on challenging roads and active participation in local and club shows.

HISTORY

The car was imported by us back in 2016 and sold to the current owner. Before this, it belonged to the same owner from 1998 (or even earlier) till 2016.

RE: 11880120

Dear Mr. Sabella:

Thank you for your request regarding the original manufacturing information for your Porsche. Enclosed is a certificate which gives all of the available information pertaining to your car.

The format for the Certificate of Authenticity has been redesigned in order to adopt Porsche's worldwide corporate identity guidelines. While it differs in appearance from our older version, all of the vehicle information remains the same.

We would like to take this opportunity to tell you about the Porsche Parts Program. Porsche is unique among all auto manufacturers in that we offer parts for models back to 1950. Within the Porsche parts system there are special procurement and marketing people who are involved in sourcing, manufacturing, ordering, and cataloging parts for all Porsche types. Parts in this program can be purchased through any authorized Porsche dealer in the United States and Canada.

We hope to have been of assistance to you in building the history of your Porsche. If you need further information, please do not hesitate to contact us.

Best regards,
